

Information sent to students on October 30th 2020, 12:06

Dear Students

We received information that one of the former residents of DS Herkules, an Erasmus + student **who left the dorm last Tuesday**, did and **tested positive for COVID**. Therefore, we kindly ask you to and once again remind you of the applicable rules: **DDM: distance, disinfection, masks**. Take care of yourself and take care of others. In particular, **all persons who may have had contact with an infected colleague in the last days before his departure, please follow all rules and keep maximum caution**.
