## Order No. 82/2021

## by the Rector of Czestochowa University of Technology

## of 28 January 2021

regarding the organization of education in the summer semester in the academic year 2020/2021

§ 1

Pursuant to Art. 23 (1) and (2) (2) of the Act of 20 July 2018 - Law on Higher Education and Science (i.e. Dz.U. [Journal of Laws] of 2020, item 85, as amended), with reference to the Act of 2 March 2020 on special solutions related to prevention, counteraction and combating COVID-19, other infectious diseases and the crisis situations caused by them (Dz.U. [Journal of Laws] of 2020, item 1842, as amended), in view of the announcement of the state of the epidemic in connection with SARS-CoV-2 virus infections, I hereby order the following:

§ 2

- 1. Education at Czestochowa University of Technology in full-time and extramural studies, for PhD students, for the participants of the doctoral school, in postgraduate studies and courses in the summer semester in the academic year 2020/2021 takes place in a blended manner, i.e. in direct contact (face-to-face) and using distance learning methods and techniques (remotely).
- 2. All lectures and classes are conducted on the dates specified in the schedule. The Director of Studies of a given unit or the Director of PhD Studies, or the Director of Doctoral School, respectively, is responsible for the preparation and implementation of classes according to the schedule. Only the classes which, due to their specific nature, cannot be carried out with the use of distance learning methods and techniques (practical classes, including laboratory classes) are conducted face-to-face, as well as classes provided for in the study programme for the last year of studies. This does not apply to PhD students or the doctoral school.
- 3. The Director of Studies or, respectively, the Director of PhD Studies, or the Director of Doctoral School, in consultation with the course coordinator, determine which classes from those mentioned in (2) of this paragraph and how many hours of them are conducted face-to-face. The list of the above-mentioned classes must be approved by the Dean of a given faculty.
- 4. All lectures and seminars are conducted in the form of e-learning.
- 5. Information on courses conducted face-to-face will be provided to students, PhD students, the doctoral school participants, postgraduate students and course participants in the manner customarily adopted in a given unit.
- 6. Foreign language classes are conducted in the form of e-learning.
- 7. Physical education classes are conducted remotely.

- 8. Academic staff provide the possibility of real-time remote consultations of 4 hours per week. Lecturers and teachers, after a prior notification of such a need, are also available for consultations in a stationary form.
- 9. The planned methods of conducting classes may be modified according to the changing epidemiological situation, in particular in the case of introducing changes in generally applicable regulations.
- 10. Face-to-face classes are conducted in a manner that ensures compliance with the sanitary regime, in accordance with applicable regulations and also recommendations and guidelines of Polish Chief Sanitary Inspector and the guidelines in force at the University.
- 11. The rules for conducting exams and giving credits with the use of the e-learning system of Czestochowa University of Technology and for the verification of the learning outcomes obtained by students are regulated by the Rector's separate order.
- 12. The rules for conducting diploma examinations with the use of an information technology system ensuring the control of the examination procedure and the examination recording process are regulated by the Rector's separate order.
- 13. The conditions for the organization of defences of doctoral dissertations in a remote mode at Czestochowa University of Technology are regulated by Order No. 345/2020 by the Rector of Czestochowa University of Technology of 18 June 2020.

§ 3

The order shall enter into force on the date of issue.

Rector of Czestochowa University of Technology
Prof. Norbert Sczygiol, PhD, Eng.
