TEACHERS (NAME, SURNAME, E-MAIL ADDRESS)

1. Dr hab. Konrad Głębocki, konradg158@gmail.com

MATRIX OF LEARNING OUTCOMES REALISATION

Learning outcome	Reference of given outcome to outcomes defined for whole program	Course aims	Course content	Teaching tools	Ways of assessment
EK 1 Student knows basics of law essential for logistics	K_W01, K_W02, K_W03 K_U01, K_K01	C1; C2	L1-L12	1,2,3	F1,P1,P2
EK 2 Student is able to determine legal effects of various actions in logistics	K_W05, K_U02, K_U03, K_U04, K_U11, K_U21	C3	C1-C9	1,2,3	F1,F2,P1,P2

FORM OF ASSESSMENT - DETAILS

	grade 2	grade 3	grade 4	grade 5
EK 1 Student knows basics of law essential for logistics	Student does not know any basics of law essential for logistics	Student knows only chosen basics of law essential for logistics	Student knows most of basics of law essential for logistics	Student knows all of basics of law essential for logistics
EK 2 Student is able to determine legal effects of various actions in logistics	Student is not able to determine any legal effects of various actions in logistics	Student is able to determine some legal effects of various actions in logistics	Student is able to determine most legal effects of various actions in logistics	Student is able to determine all legal effects of various actions in logistics

ADDITIONAL USEFUL INFORMATION ABOUT THE COURSE

1. Information where presentation of classes, instruction, subjects of seminars can be found, etc. – information is passed to students during first lecture and first class and if necessary via electronic way.
2. Information about the location of the classes – website of the faculty.
3. Information about the date of the course (day of the week/time) – website of the faculty.
4. Information about the consultation (time + place) – website of the faculty and near room of lecturer.
