RECTOR
of the CZESTOCHOWA UNIVERSITY OF TECHNOLOGY
announces an open competition
on the Faculty of Mechanical Engineering and Computer Science
for two full-time „post-doc" positions
financed by the National Science Centre project no. 2017/27/B/ST6/02852
titled: „Development of deep neural network learning methods"

The competition is open to persons who meet the detailed requirements set by the competition committee appointed in accordance with the regulations of the National Science Centre.

Requirements:
- PhD in the field of computer science or related,,
- Experience in presenting the research results at international conferences,
- Experience in research work in the topics of machine learning and/or computational intelligence, confirmed by scientific publications,
- Programming skills in C/C++ and/or C#,
- Strong analytical and mathematical skills.
- Ability to prepare publications using the LaTeX editing system,
- Advanced English (written and spoken).

Documents:
- A copy of PhD diploma in Polish or English in the field of computer science or related,
- CV,
- List of publications, presentations and conference in which the candidate participated,
- Agreement to the processing of personal data for the purposes of carrying out the recruitment process:

  I hereby give my permission for the processing of my personal data submitted for the competition for the full-time „post-doc" position at the Faculty of Mechanical Engineering and Computer Science at Czestochowa University of Technology, in accordance with European Parliament and Council of the European Union Directive of 27 April 2017 on the protection of individuals with regard to the processing of personal data as well as on the free movement of such data and repealing Directive 95/46/WE below referred to as GDPR.

  I hereby confirm that I was informed of the following:
  1. Częstochowa University of Technology based in J.H. Dąbrowskiego St. 69, 42-201 Częstochowa, is the administrator of the data included in the permission for the processing of personal data.
  2. Data protection inspector is available through the contact details of data administrator.
  3. Data collection is aimed at organizing the competition for the full-time „post-doc" position at Częstochowa University of Technology.
  4. I have the right to access, rectify, delete or restrict data processing, as well as to raise an objection and demand to cease data processing or data movement. Finally, I am entitled to withhold the permission for data processing at any time and to submit a complaint to the Supervisory Board.
  5. Data submission is voluntary but it is essential to enter the competition for the full-time „post-doc" position at Czestochowa University of Technology.
  6. Submitted data will not be available to any third party or unauthorized institutions.

7. Submitted data will not be profiled.
8. Data administrator has no intention of moving data to another country or international organisation.
9. Personal data will only be stored for a time period necessary for recruitment and future employment requirements.

Gross Salary: 8000 PLN/month (including the employer's costs), for 36 months

To apply for the position a candidate has to provide the required documents to the Principal Investigator of the project, i.e. Prof. dr hab. inż. Leszek Rutkowski, until 25.09.2018 through e-mail (**leszek.rutkowski@iisi.pcz.pl**).

The deadline for the settlement of the competition: 26.09.2018

Please send any questions to the project's Principal Investigator on his e-mail address. Information about the results of the competition will be communicated to the nominated candidates electronically by the project's Principal Investigator.

RECTOR

Prof. dr hab. inż. Norbert Sczygiol
